GT Water Products

GT Company History

George Tash, Founder of GT Water Products, started the company in 1970. Mr. Tash obtained his first patent on Drain King, a hydrologic device that attaches to a garden hose to clear drains. He invented the product after purchasing a house in Los Angeles with a Saturday night plumbing problem. The kitchen sink literally backed up once a week. Just starting out as a carpenter, Mr. Tash, having limited funds for his recurring stoppage, resorted to inventing something that would solve his dilemma. Taking a rubber tube from a bicycle tire, the bottom flange from a kitchen chair, garden hose coupling, and a spring; he created the first Drain King to clear pipes using water pressure.

For over 50 years, George Tash continued to innovate in the plumbing industry. His goal was to produce quality US made products that provided the customer with a satisfactory solution to their plumbing problems. Over the span of his career, he obtained more than 60 patents and has sold his inventions worldwide. Mr. Tash passed away, but his company will go forward. His children, Adam and Jennifer, grew up in the business have continued their father's legacy. G.T. Water Products will remain the go-to company for the professional plumber and home handyperson alike, producing quality affordable solutions for people's needs.

Terms and Conditions of Sale

- Order:** Please contact G.T. Water Products, Inc. Sales Department for order requirements.
Note: Inner pack box quantities cannot be broken, email: orders@gtwaterproducts.com
- Shipping:** For shipping and freight information contact our Sales Department
All claims must be processed within 72 hours of delivery.
- Returns:** All returns must be properly authorized by contacting the Accounts Receivable Department. All returns must be prepaid by customer. Returns made for reasons other than our shipping error or because of defects in materials/workmanship will be subject to a minimum of a 25% restocking fee plus the original freight charges, if any. **No Returns will be accepted after 90 days of purchase.** Please contact our office at 805-529-2900 ext. 117 For returns / shortages.
- Limited Warranty:** All of our products carry a **1 year limited warranty** against defective manufacture material/workmanship. We will replace any such items as may prove to be defective only with proof of a receipt or purchase order. We cannot allow any claim for damages incurred by misuse, abuse, consequential damages and/or normal wear and tear. **Photos or physical inspection will be made to determine.**
